Various items of interesting news, local and general, will be found in our columns this morning, Ex-Cov. Barstow vs. Jud.e Randall.

We have been put in possession of facts which furnish a complete and conclusive answer to the personal assault made by Ex Governor Barstow upon Judge RANDALL, in the communication published by the former, some days since, in the Janesville Standard, and thence transferred to the congenial columns of the American and the News. It not only fully acquire Judge RANDALL. but fairly turns the tables upon Ex-Governor Banstow, who has thrust bimself forward in this contest as the especial defamer of Judge Ras-DALL, and the champion and backer of Mayo. ITOS AFTER THE "ASOUS."—A very tourish move has been taken by Chas. THE RAPK Case, - A legal friend, who has extried in the Circuit Court, and who thinks that it might appear egotistic in us to eulogize that our strictures upon the Judge and the District so we will leave the public to judge. Attorney were founded upon erroneous information, sends us his version of the facts. While concurring with as in the opinion that the earnal dismissing the case and discharging the presence, to some informant states that the admissions of the witness, in her cross-examination, clearly proved to the states that the states that the admissions of the witness, in her cross-examination, clearly proved to the states that the stat delay of the witness was not sufficient ground for that the District Attorney had abandoned all idea of pressing for a conviction, belone the Goort adjourned. It is further stated that the distanting Juror, though he replied "guilty" when first called upon for his verdict, was silent the next time and therefore presumed to acquiece in the verdict of "not guilty." Our triend thinks that the Judge was justified in his course by the insufficiency of the evidence against the prisoner. POST MORTEM EXAMINATION.—The body of a an named Christian Kneisler who died in the econd ward of this city a few days since after a short illness, was taken from the grave yesterday at the request we believe of the brothers of the deceased and a post mortem examination made upon it. The family of Knessler supposed he was recovering when after taking some medicina became extremely unwell and soon died, which led them to suppose he had been poisoned either through mistake of the druggist or physician, and upon considering the matter they concluded that this must be the case, and requested a legal examination of the body. A coroners inquest was consequently summoned, who after luvestigating the matter thoroughly returned a verdict that the deceased died of a natural death. Typhus fever was the discuse under which he vas laboring at the time of his death, and the medicine administered was one scruple of muri-atic acid sufficiently diluted with water. This, we believe is a moderate dose, and is frequently made use of in cases of faver. The friends of the deceased were satisfied with the result of the examination, and the body was again consigned to its resting place.

FOR EXTENSION OF SUFFRAGE. Sixth Senatorial District Convention. THE REPUBLICANO of the several Wards and Towns THE REPUBLICANO OF the several water and comprising the Sixth Senatorial District, are invited to meet at the much places for holding the primary meetings, and appoint three delegates from each Assembly District, to a Senatorial Convention, to be held at the Layton nouse, in the Town of Lake, on Saturday, the 24th of October, 1981., at So'clock P. M., to nominate a

candidate for Senstor, to be supported by the Republicans of this District.

JAMES DOUGLASS, M. L. EURDICK, A. K. WILLIAMS, Senstorial District Committee.

Milwaukes, October 12, 1851.

Organize! Organize!

It is high time for the Republicans of this city and county to prepare for the election, now but two weeks off. With a very little time and labor they can so perfect their organization here, as to ensure a rull vote on their part, and a fair one on both sides. To this end we need, in each Ward, a good working committee and experienced challengers. A general committee for the whole city is also indispensable. This week should not be allowed to go by without having both these things attended to. We suggest, therefore, that the Republicans of the several Wards meet at their usual head-quarters, on Friday evening next, to appoint their Ward Committees, Challengers and Delegates to Assembly and Senatorial Conventions, and also three Delegates from each Ward to the Republican General Committee. They can, at the same time, make arrangements for their Assembly nominations, and for thoroughly organizing every Ward for the important contest on the 3rd of November, Cour BROTHERS AROUSE!

The Last Gun "Spined."

The letter of Mr. Kilbouan, published in the Sentinel of yesterday, effectually disposes of the last of the batch of fubrications, manufactured and put in circulation by the News and kindred ormes, to bolster up the tottering cause of Sham Democracy in this State. Let us recall these successive fictions, and their prompt and thorough exposure.

The first notable attempt of the News in this manufacturing line, was the Temperance Meeting, in this City, the proceedings of which, apocially reported" for that paper, were deliberately comed; there not being a word of truth in the report, as the News tolks knew when they published it. The impudent cheat was instantly exposed and branded by the Republican Pless, out to this day the ivews has neither acknowledged, acreeracted the wanton and sname.

The next invention related to the Shawano School Lands. The News charged that these lands were sold on insufficient notice and cheap terms, for the benefit of the Governor's friends. The story and hardif got into print before it met with a complete extinguisher. It was snown beyond avii o. dispute, that this sale, whereby, according to the News, the State was swindled out of \$150,000, was ordered and controlled by the phase lasted till the Democratic State Coniven-Democratic Commissioners exclusively; that they could have stopped it whenever they pleased; and that they alone were pecuniarily interested in forcing the Lands into market this season, thereby pocketing some thousands of dollars in fees. In a word, if the State was swindled by this sale out of one hundred and fifty thousand dollars- is the News avers-the swindlers were DAVID JONES, Secretary, WM. R. SMITH, Attor ney General, and F. KEUHN, Tressurer, all three Democrate," and the former a candidate for re-

The News, driven from these two falsehoods but without retracting either, took refuge in a third. This was the impudent and slanderous charge against Gov. BASHFORD, of having sold his assent to the Land Grant Bill for \$60,000. This accusation was urged with the most persistent confidence, and, in the absence of the Governor from the State, his Private Secretary was invited to deny it, it he dared. Mr. Hor kins promptly answered the defiance in a letter which forced the lie down the throats of its origiestors. Next, Mr. Kilbourn was summoned to the stand, and he confirms Mr. Horkins and confounds the calumniators. What, then, is left for the News and its kindred libellers to do?-Their unsupported charge is contradicted, in the most positive terms, by two reliable and responsible witnesses by the very two witnesses that they called to prove it! Have they, therefore, the fairness, the manhood, the common deceacy, to retract the foul slander! Not a bit of it.-It is stuck to as impudently as ever, and in order to prove that Gov. BASHTORD is a rascal, the News labors to show that Mr. HOPKINS and Mr.

Kilmounn are liars. Not yet weary of ill doing, the last effort o the News was to raise an outers about "increased taxation." Our city readers need not be told that they are suffering and likely to suffer under the burdens of increased and sulli increasing taxation. But it is not to this, the work of Dem ocranic hands and of Mr. Caoss, administration that the News refers. It is silent about this fact, but eloquent upon the fiction of an increase in State Taxes. A few days since it assured its readers that the State tax for this year was ' nearly half a million of nollars" and that it had "doubled in two years." The following "official" table is the all sufficient answer t this last in-riestion:

While our City Taxes, under Democratic rule, have doubled in this period, the State Tux, under Republican administration, has not increased and such the conclusive reply to the partizen at racks and reckless talks noods of the News. Beat, at all points, this organ has nothing now lets save vindictive and personal assaults upon Judge Raspatt. It is needless to say that these, like the samples above cited, are atter and unserunulsas tabrications, not entitled to a moment's credit, and deserving no other reply than silent بالإستانات وا

Nay, more; the Standard "officially" certifies that Mayor Cross is a Barsrow man, and will defend him and his acts, every time. This is precisely what the Sentinel has averred all along. We have stated that Mr. CROSS was a

personal and political friend of Ex-Governor BARSTOW, and justified and sustained all the acts of the Barstow administration, including the last and worst of all, the attempted usurpation of the Executive Office, in defiance of the popular will, the verdict of the Supreme Court and the authority of the Law. Some of the Anti-Barstow papers which support Caoss have denied this stateient of ours. Behold it now confirmed to the letter by the "home organ" of the Ex-Governor! What will the doubters ear now?

As to the Standard-since it seems anxious to discuss Barerow—we respectfully invite its atention, in the first place, to the Lanstic Asylum Swindle and the Election Frauds. Let us hear from the "home organ" on these two points.

Ti e Election in Kansus. The News thus describes the recent election

п Кацака : The Kausas Nebraska bill is vindicated—the inhabitants of Ransas free from all outside influence, or Government dictation, have demonstrated their capacity for electing their own rulers, and of forming their own institutions.

Considering that "Government" sent some two bousand troops into Kansas, to regulate the dection there, and thus added its "dictation" to the "outside influence" of Missouri interlopersconsidering, farther, that many of these troops oted with the assent and approval of Governor Walker, while thousands of actual residents, Germans and Irish, were deprived of the right of suffrage by the "Border Rufflan" Legislaturethe cool assertions of the News will hardly pass current. That the People of Kansas-so many of them, at least, as Government and Missouri Democracy permitted to vote-achieved a signal triumph over their Pro-Slavery and National Democratic opponents, in spite of all obstacles and hindrances, is indeed a result to be thankful for ; but not a particle of the credit attaches to the

Sham Democracy. THE POLITICAL TER TOTUM .- The American waxes very wroth with the Sentinel for stating the notorious fact that " four time in its brief span has the American turned its coat and changed its colors," and pronounces the statement " a mendacious falsehood." Let us appeal to the record. Some two years ago, the American was ushered into existence, as a regular Know Nothing organ. It so continued for per haps a year, battling for the K. N's, and attacking the Sentinel and the Republicans, with all its little might. Worn out with this exhausting lebor, the American, some time last year aban doned the K. N. cause and ran up Republican colors; and during the Presidental canvass made forcible feeble fight in that behalf. Boor after the election, the American, tiring of Republicanism, came out, one bright morning as opposed to the Barstow ring of the party. This

tion met, Barstowism was triumphant and Cross ominated, when the American, after a brief sause, struck its anti-Barstow flag and ran un Chose colors-making, as we aversed, four radi cal changes in the politics during two brief years. Such being the plain fact, it is as idle for the American to deny it, as it is to heap epithets upon the Sentinel for stating it. Look to the Record !!! The News of Saturday makes an elaborate attempt to seften down and explain away the late ex-

traordinary edict of President Buchanan, declaring that the U.S. Constitution establishes and pro tects SLAVERY in Kunsus, as in every other territory of the United States. We quote the open ing paragraphs of this partisan deface:

Monstrous Falschood. "The President maintains—and the "National Democracy" cry amen! that the U.S. Comstitu-tion carries Slavery with it, wherever it goes, and, f course, protects it everywhere."

The President and the National Democracy sintain no such doctrine : nor can any passay

n the President's letter be pointed out by the in the President's letter be pointed out by the "Sentine!" which serves, even in the fattest manner, to justify that paper in its sweeping assertion. And if our neighbor is acquainted with the history of the Kunsas Territory he knows, that every time he asserts that Mr. Bu-CHANAN "maintains that the U.S. Constitution carries slavery with it, wherever it goes," he is guilty of a monetrous falsehood.

Now to this impudent charge of "monstrous alschood," we are content to oppose a single "passage" from the President's letter. Here it

"Slavery existed at that period, and still exists in Ransas, under the Constitution of the United States. This point has at last been finally sottled by the highest tribunal known to our laws. How it could ever have been seriously doubted, is a mystery.

Here we have Mr. Buchanan's own nositive specific, unmistakeable declaration, that Slavery under the U. S. Constitution, always existed and still exists in Kausas. This is, precisely, what the Sentinel charged and what the News denied. What excuse, then, can our Federal neighbor urge for deliberately misrepresenting Mr. Buchanan and falsely accusing the Scutinell
